## BARCODE QUALITY CERTIFICATION PROGRAM

Eliminate potential fines and lost information caused by bad barcodes - with our inexpensive Barcode Quality Certification Program.

- We will check your labels thoroughly, and help you diagnose any problems.
- Please follow the instructions below to submit sample labels for evaluation.
- If you have any questions, please call our friendly barcode experts or send us an email: [customerservice@verifiedlabel.com](mailto:customerservice@verifiedlabel.com)

### Instructions for submitting your barcode samples:

1. Please send us three (3) sample labels for each Item Number to be evaluated. Do not send actual products, send only the barcode labels. Based on these samples we will send you a detailed barcode certification report. Save this report for your records and use it to improve your barcode process. Send barcode samples to the address shown at top of page.
2. The attached **Barcode Evaluation Form** must be filled out completely and sent in with your samples. If this form is not completed, your samples cannot be properly tested.
3. Please send in printed barcode samples that are either bad quality or are representative of your average barcode quality. Do not pick out the best quality barcodes to send in, only bad to average quality samples will provide you with accurate results. A photocopy, fax or electronic file cannot be used.
4. We recommend you send in three (3) samples of at least one Item Number from every Order that you're shipping out. If you want more accurate results, we suggest you send in additional Item Number samples.
5. If you use Master Carton barcodes and Individual Unit barcodes, we recommend you send in both types for evaluation.
6. Each time samples are submitted, results will be sent back to you within 48 hours after receipt at Verified Label. Please allow enough time to complete this process before using or shipping out the barcodes in question.

## Pricing / Credit Card Authorization Form

1. Verified Label charges \$25.00 for the first Item Number and Label Type (Individual or Master Carton) submitted for testing. Each additional Item Number or Label Type is \$10.00. For best results please remember to submit three (3) samples of each Item Number and label Type. (Please Note: You will only be charged once for each Item Number and Type, even if you submit three (3) label samples.)
2. Please complete the Credit Card Authorization below and send it in with your samples. Verified Label will send you an Invoice/Receipt for your records showing all charges.
3. All charges must be paid by credit card. We cannot process your order without this information.

**Please charge my Credit Card as follows: (Please send this form in with your label samples.)**

- Through this program Verified Label will help you monitor and improve your barcode quality. This can reduce or eliminate fines and lost information caused by bad barcodes. However, the final quality of labels you produce and supply to your business partners is out of our control. As such, Verified Label assumes no responsibility for your final barcode quality.
- This form must be completed and sent in with your samples to the address shown on the top of this page.
- All charges must be paid by credit card; please include the credit card authorization with your samples.
- Please double-check all information. Verified Label is not responsible for incorrectly supplied information.

**Thank you for working with us!!**
